Subject: FJ Doyle Salvage Site Cleanup - Haul Road

Terry:

We are planning on receiving clean topsoil and backfill next week. We are planning on putting that soil on the school property east of the water well at the corner of Cedar and Hackberry (empty lots). In order for us to do this, we will need to have trucks come in from the highway and travel west on Hackberry to that property. I wanted to let you know so that you are aware. The trucks will leave that same way. If you have questions, please let me know.

We realize that the property is one-way from 7:45 – 8:15 am and 2:45 to 3:15 pm.

Thanks
